Advancing Abandoned Mine Land Cleanup ... With or Without Good Samaritan Legislation

Session Objectives: Reflecting on the information and ideas shared earlier in the day, Breakout Groups will be asked to achieve the following outcomes:

- 1. Outline** site characterization criteria; metrics for releasing site (Improvement Metrics); and liability vehicles
- 2. Create a list** of potential DRY (slightly DAMP) candidate pilot / demonstration sites; and Rank them.
- 3. List** of partners, partnerships, and collaborations currently working on AML
- 4. Identify NEW** organizations, partners for AML projects

DON'T LET PERFECT BE THE ENEMY OF IMPROVEMENT
